and the road work outlined, followed by the offering of the sale of the bonds. But the opinion of Judge Wood in Chicago carried such weight with bond holding and bond purchasing companies that the sale of separate road district bonds was rendered practically impossible.

A petition will be presented at the next meeting of the board asking that the districts already created be declared null and void and that an election be held along with the primary on August 3, for the purpose of determining whether or not District No. 4 shall issue bonds for the improvement of the roads of the entire district.

In District No. 5 the same condition prevails that the people of the adjoining district have experienced and it is expected that those interested in roads in that district will pursue the same course that their neighbors have decided upon.

Ordered that Mrs. Bronsley be allowed \$3.00 per month for temporary support.

There being no further business the board adjourned at 11 o'clock Tuesday morning.

Unemployed Driven From Town

Caldwell, Kan., June 7.—When 350 idle men, posing as harvest hands, became defiant today after city officials had refused their demand for food, Edward George the mayor, formed a posse and escorted them out of town.

"Unless we get something to eat we will break into the stores," the spokesmen of the men told the mayor. That official then telephoned the town marshal and enlisted 25 armed citizens.

While the men were mumbling threats the posse marched them in double file to the depot and made them board the first outgoing freight train.

MEANS WELL THOUGH HIS ENGLISH IS POOR

Jackson, Miss., June 2.—English is sometimes very hard to read and understand, especially when written by a foreigner. For instance following is a letter received by Mayor S. J. Taylor from Alphonse Freemy, of Le Mans, France, chairman of a committee to secure funds for relief in Belgium, and while his English is bad his intentions are good:

"Master Mayor, I De authorize ourselves of the deep human sensations of the citizens of the 10 bly United States to remit you our appeal in favor for the Belgians.

"We believe we would make you an insult in telling you what is the German barbarity.

"You know it enough, for we will be certain that your sympathies belongs to our protects.

"So as the letter inclosed explains it to you, we occupy ourselves under the high patronage of the district authorities of the soldiers, prisoners refugees and of the soldiers interned in Holland.

"The work is very useful, but how weighty for our resources.

"It is therefore in an idea of union between all the civilized mans we allowed ourselves to write and ask you if you will meet us to the special people of your town and to the principal societies.

"We would be very proud to many things that from North America, much supports and encouragements arrive for us.

"Please accept, master mayor, the expressions of our sincerest devotness.

The letter has been filed away as the relics in the archives of the city.

MR. HENRY KAUFMAN DIES

Continued from page 1.

Kaufman, the Meridian Dispatch of Tuesday said:

"The death of Mr. Henry Kaufman, at Turner Hospital, was the source of much grief to his many friends and relatives here and elsewhere. Although a helpless invalid confined to his bed for many years he retained his knowledge and interest in the world and the things of importance to the nation.

"Always cheerful and optimistic his vision of the happy world outside confined to what he could discern from the windows of the hospital, his eyes often fixed upon the blue dome of the sky, he awaited the call, and as cheerfully answered it.

"He was a living example to those who in perfect health were less cheerful, less comforting than he, and was one of those gentle spirits who came to the world as a lesson to others."

Miss Jeff Johnson left the past week for Atlanta, for a visit. Later she will be joined by Mrs. Kate Miller and they will go to Columbia University to study.
